

## **Proven strategies to wealth.**

Welcome. You are about to be part of our dynamic team that will earn you money for years on end. There is a lot of information here so take your time and read everything carefully and reread this if you have to. This will take you a few hours to become familiar with the whole process but It will be the hours worth investing in.

Now that you have taken the step and received this guide to success please follow all the steps exactly as I say and you will watch your income grow through the sky. I have earned over \$500 USD residual income in my second month with this business and my friend who introduced me earned just over \$7950 USD in his 8<sup>th</sup> month. That's without the extra bonuses as well!

The steps are important for your success. Implement the strategies that I will show you and see how easy this business can be once you get to know the basics .And im sure by the end of understanding how powerful this is you will be able to have your own ideas on how you can spread this around and become even more successful than we are.

Ok now you are going to learn that this business once setup can be fully automated and will not need more than a couple of minutes each week to monitor your income, if you choose not to follow any of the other strategies other than number 1 which will make you a great income on its own.

Now let's get started. First off I'm sending you to a website that will explain the business that will automate your income like a money tree with unlimited growing power. After watching the short presentation, fill in your details in the Movie ticket like box and then watch the power of this video. After the video go to the income calculator and put in 100 in the first box then 3 in the second box and click enter. This is a very conservative amount of what you will be earning in 12 months at the very least if you just follow instructions.

<http://www.guruonline.ws>

Click **here** and **please go there now** to watch the presentation then read on straight away.

**DO NOT READ ANY FURTHER UNTIL YOU HAVE DONE THIS**

**Now signup for your free one week trial and secure you're .ws domain name** this is important!! and then implement these strategies below and earn money before you need to pay a cent for this business.

Now this is where the fun starts. Now that you realize how easy this process was. This is the nature of the business and guess what, it's free for one week as you heard. Which is easily enough time to get 10 people recruited so you never have to pay for your **OWN FULLY FUNCTIONAL WEBSITE** and automated business ever again.

I recommend that you leave the default website as it is and if you need another for your own business or business idea or family website, then sign up for a second one. Because the website that you name and own yourself will have everything on it that you just saw by default.

Now when someone that you introduce puts in their information into the movie ticket like you just did they automatically get sent emails about the business as like they were directed from yourself if they don't sign upon the spot. They are automatically and constantly marketed with a proven method and you don't ever have to do any selling because the product sells itself and its fully automated.

Just think about the endless possibilities of people who would want a home based business at this price and even if they don't want to earn residual income they get a Website with website builder and emails for life for just \$10 a month!!!!!!... A bargain which you can't find anywhere for all to use and enjoy...

**But before you start with our strategies get to know the business by doing the following.**

- 1: Read every GDI email from top to bottom.
- 2: Log on to your member website <http://www.website.ws/members/> and read every page you can find. You need to thoroughly understand what this is about.
- 3: Set up your website, your .ws email address and add your .ws email address to your Paypal emails in your Paypal account. Then setup your payment preferences in GDI.
- 4: Sign and fax the last pages of the 2 documents required by GDI. If you are asking 'what documents'? Click on the 'documents link in your members area <http://www.website.ws/members/>
- 5: When you have done all the above and you understand the product, the company and how it all works, here are my marketing strategies that will make you wealthy...**YOUJUST NEED TO PUT THEM INTO ACTION.**

### **Strategy 01**

Now your free bonus is that you get this guide to resell exactly how it is presented anywhere in the world!!!!. How you like for as much as you like. All the work is done for you ! just complete the stages in strategy number one and be on your way to an income for life! <http://www.guruonline.ws> gives you the right to do this ©2006

Included in your download is this exact document in word and text format for you to copy and put your own website link in the spaces where it says <http://www.guruonline.ws> then you are free to distribute this document and build up your business in the same way you may have received it now.

Distribute this through emails, auctions, websites, where ever you like and do it for nothing to build your business fast or sell it for a small profit to pay for your business

while you're starting up. The cheaper you sell it for, the more you will sell, the faster your business will grow.

If you like, send me an email after you sign up and I can make this document into a pdf document with your details, if you have troubles with this yourself. This is part of my support to you. I can also help you with your ads for websites or for eBay too. But essentially you can just copy and paste everything I have done. Just advertise this on eBay if you like and send them this document with your included details and you're on your way. Then when you feel comfortable get into the powerful strategies below.

### **Strategy 02:**

Put advertisements in whatever you can think (local papers, notice boards, trading posts, etc) that won't cost much money as follows "Free home based business with no risk ask me how" provide a link to your website or get them to email you and send them this guide and let it do the rest. There are hundreds of ways you can give out this link or your email about this for nothing or for a very small price.

### **Strategy 03**

This one is one of my favorites. Send a letter to people from online auction houses that are power sellers or have a lot of feedback or are experienced in selling home based opportunities and send this note to them

Hello Friend,

(in here ask them a question about their product and then include) by the way I noticed how well you advertise and sell your products. I have a Business opportunity for you to add to your income and I am willing to send you the information for free as it will benefit both of us. Once you understand the power of this you will be able to integrate it into your own clientele and beyond for true residual income with an automated system that won't need any efforts on your behalf. With your permission I will like to send you this now so please reply to my email and I will send you it to you ASAP if you are willing to spend 5 mins on what I have on offer. I believe this will truly blow you away as you have all the skills already needed to add to your income streams. I am looking for great internet marketers like yourself at this time.

Best regards

John Doe

Or something similar to the above.

**The following strategies need you to purchase at least 1 or as many personalized DVD's from GDI from your website they cost \$2.95. ALSO if you buy 10 DVD's you are illegible for bonus sign up cash. For every 5 people per week you sign up you**

**will get \$100 USD on top of your residual income for every 25 people you get \$500 USD. Think about this as it will give you great income very quickly if you use the strategies I have listed.** I recommend buying the 10 dvd's for this bonus and make sure you read the faq section in your website and fill in the 2 documents that are needed so you can start receiving income straight away.

#### **Strategy 04:**

If you have access to copying DVD's then order a personalized DVD from the website and copy them and hand them out with your access code on the front which would be your domain name. Or buy 10 DVD's from your GDI website and circulate them.

This is how you hand them out!

This is a general every day casual approach. Ask prospects two - three questions only.

#### **DO NOT TRY TO TELL THEM WHAT IT'S ABOUT!!!**

1 "How's your job going – does your boss pay you well for the work you do"?  
Once they complain about their job or lack of money go for the next question.

2: "I have a friend who is making stacks of money and he sent me this DVD movie showing how it's done, would you like to watch it"?

3: If they ask you any questions about it tell them this: "rather than me trying to explain it to you, just watch the movie, here it is."

4: Invite them over to watch it with you. Or If they cant watch it with you don't forget to follow up with a phone call no later than 2 days later. After they have seen the DVD, ask them this question:

"If you gave this to 5 people a week would you like to know how much money you would be making per month in 1 year from now"?

Show them the income calculator online. Take the income calc over 12 months so the figure in the top field of the calc will be  $5 \times 52$  (5 people a week over 52 weeks) = **260**.

Then show them their monthly income if each of those only put 2 people in to the business over that time. Put the figure **2** in the lower field of the calculator.

This figure 2 is very conservative as some people will put hundreds of people into the business

#### **Strategy 05:**

**This is my KILLER STRATEGY.** It is powerful and it works, period! Do this and you will be very wealthy.

Set up your office whether at home or business ready for interviewing. Get ready because this will build your business quickly. If you haven't qualified for your GDI bonus competition do it now because you will be signing up a lot of people in a short amount of time. Place an adv in your local newspaper classifieds 'positions vacant' section on Wednesdays and Saturdays each week. Be prepared because you will get swamped with people coming to see you all day long. Prior preparation is important, you will need

to book these people in every 1 and a half hours of the day i.e.; 9am, 10:30am, 12pm, 1:30pm, 3:00pm, 4:30pm and 6pm. When you get good at this you will have not one per interview but up to four people at a time. Hers the adv:

**Sales People Wanted**

**High income potential**

**Full training provided**

**Ph 123456 (your number)**

Place an adv like this is in the Wed or Saturday newspaper of any large town or city and **your phone will ring hot all day**. When they phone you DO NOT TELL THEM WHAT IT IS OVER THE PHONE.

1: Ask them to come in for a **1 hour** interview/orientation and book a time (as above) in your diary for the following day/s. If they ask how they will be paid tell them it is a multi tiered commission setup in a similar structure to finance/loan packages.

2: When they arrive for the interview make sure you let them know that **you want them to sell a DVD info package**. Here's what you say:

"We have a package that we want you to sell. There are two components to the package, here they are":

"You know how people want websites these days? And they want domain names, hosting and email addresses? Well generally a website will cost a min of \$500, and the domain and hosting package costs about \$150 or more per year".

"We are offering customers a 10 page website that people can edit themselves as well as the domain name, hosting and email addresses for a measly \$10 per month. That's \$650 value for \$10 per month (\$120 a year). This is very easy to sell".

"That's one part of the deal. Here's the rest: Not only do they get this great package for less than anywhere else, they also get the opportunity to make an income for life if they recommend the product to others. Sell this to anyone in the IT industry and you will have a high 80% sales success rate.

Then follow up with this:

**"Rather than trying to explain how it works, we want to show you the 20 min DVD movie now. This DVD is basically what we want you to sell. Watching the DVD now will orient you with our product so that you know what you are actually selling. The DVD sells itself so your job as a salesperson distributing the DVD will be very easy"**.

Make sure they are aware that THEY ARE GOING TO SELL THE DVD this is why they came to see you. They are salespeople ready to sell.

As soon as the 20 minute movie is over, **jump in for the kill**. Go for their **ego** immediately by asking this question:

"So how many of these DVD's do you think you can sell in a day?" Most sales people have a strong ego and their answer will be something like "10 – 20 a day"

Next question (be quick and don't let them start talking) "Would you like to see how much money you will be making if you sold only **10 a week**?"

Then take them immediately to the income calculator type in 520 (10 x 52 weeks) in the top field, and type 2 into the lower field, click the add button and turn around to them and say "well, this is your income in a year if you sell ten a week, imaging if you sold 10 a day".

Then tell them this: "Not only will you have a residual income of \$\$\$\$ per month, consider this; for every 5 people you sell this to within a week period you will be paid a bonus of USD\$100. So 5 people a day will earn you an immediate bonus payment of USD\$600 per week if you work 6 days. This is the best income offer you have ever had, lets face it. Start now and you will be financially free for the rest of your life. Just click this red button now and you are away".

SIGN THEM UP IMMEDIATELY!!!!!!!!!!!!!!!!!!!!!! And send them off to make your fortune

### **Strategy 06:**

Write a letter like this below and POST MAIL it (not email - spam) send it to the CEO of all the companies in your city (or country). Believe me it works, mail out 10 letters a day and watch your income grow.

Send them a copy of the DVD with this letter containing the link with YOUR access code in it [www.freedom.ws/youraccesscode](http://www.freedom.ws/youraccesscode)

Here's the letter

Dear Sir or Madam,

We have a product that has the potential to more than triple your profits within a year. To find out how,

**1: Watch the 20 minute movie orientation on the DVD**

**2: Register your company domain name [www.theircompanyname.ws](http://www.theircompanyname.ws) BEFORE SOMEONE ELSE DOES.** Once your domain name is gone, it's gone. This is the next '.com' boom and NOW is the time to act.

Please contact me on 1234567890 (your phone number) anytime if you have any questions.

Yours Sincerely

Your name here.

Address here etc.

<<<

### **Strategy 07:**

Set up an advert in your local newspaper classifieds like this:

**10 Page Easily Updateable Website**, with domain name registration, website hosting, 10 email addresses, free ongoing technical support only \$10 p/mth with no upfront fees or contracts. Ph: 10 123 456 7889 (your ph number)

When your customers calls you, make a time to visit them or have them come to you and explain that it is a website package that you are offering with all of the above, and if they (the customer) were to show others the package they can also make a life time income by referring it. Then show them the DVD movie and sign them up immediately afterward.

### **Strategy 08:**

Here's a good one:

MLM people are really good prospects. Most of them are struggling to sell their products because of the high start up cost. It is only a handful that make it to the top in most MLM businesses because of this.

I know an MLM company (no names mentioned) that costs AUD\$1375 to start at the business builder's level, then a min of \$150 order every month to qualify to stay in the business. Many people who have struggled with this jump at GDI because it is extremely low cost, the website package is excellent and it's so easy to build a downline because it's only \$10 a month with no startup costs.

Here's what to do: Go to MLM info/intro night meetings, mingle with the members and just make friends with everyone. I ask questions which lead to people telling

me how hard it is to sign people up ie "how many people have you signed up in the last month?" that gets em! Then I discretely hand them a GDI dvd and say - "the struggle is over, check this out. It will compliment what you already do" then I get their business card or phone number and do the follow ups 2 days later. It works beautifully. These guys are MLM friendly from the start and all want to make money with the MLM business model anyway so they are "ripe for the picking". Go get em!

**REMEMBER THIS IS ALL ABOUT PUTTING THAT EFFORT IN TO GET STARTED. I HAVE FULL FAITH AND CONFIDENCE THAT YOU WILL USE THIS KNOWLEDGE TO GIVE YOURSELF FINNANCIAL FREEDOM!!! IT'S ALL A NUMBERS GAME!!! TELL AS MANY PEOPLE AS YOU CAN AND HELP THEM BECOME WEALTHY WHILE YOU HELP YOURSELF. AND OFFER YOUR HELP AND SUPPORT WHERE YOU KNOW YOU CAN!**

**DO NOT TRY AND SELL THIS BUSINESS , LET THE WEBSITE AND THE DVD SELL IT FOR YOU. JUST USE THESE STRATEGIES TO HELP YOU GET THE MESSAGE OUT THERE!**

**SUCCESS TO US ALL !!!!!**
